Blamey OH&S Training Centre

TAILORING TRAINING TO YOUR NEEDS ...VARIETY...

Courses can be run during normal office hours or after hours. Blamey OH&S Training Centre staff is available 6 days a week, to suit your company. Blamey OH&S Training Centre can run courses at your worksite or at an agreed venue.

...FLEXIBILITY...

Blamey OH&S Training Centre provides an extensive range of training in Occupational Health and Safety to a wide variety of industries. Our courses are developed in a modular format so there is the option of selecting a single module to cover one issue, or a range of modules to develop a customised, comprehensive course to cover all issues in your workplace.

...QUALITY...

Our approach to training is to ensure that the client receives the service they require. The training we offer is tailored to meet the special needs of each client. Our strength lies in providing formally qualified OH&S professionals with the experience and customer focus to meet your needs. Our staff uses their experiences to illustrate real life examples of OH&S management in a way everyone can relate to, and apply the knowledge to work best practices in the industry.
